Medicare Advantage Plans (HMO and PPO Plans)

These plans are known by many names, including: Medicare Advantage Programs, Medicare Replacement Programs, and Medicare Part C Programs. These programs replace traditional Medicare. However, you remain responsible for the Part B Medical Premium that is deducted from your Social Security check. Prescription Drug Coverage

All of the University-provided Post-65 plans have prescription drug coverage built in, so you do not need to purchase Medicare Part D coverage separately.

Medicare Supplemental Plans (Complementary Plans)

Retirees who live outside of Western Pennsylvania or travel frequently typically enroll in one of the complementary plans. Medicare provides significant coverage, but it also has many gaps. Complementary plans fill in many of these gaps and coordinate coverage with Medicare.
